

14 FTW Commander's Environmental Policy Statement

Columbus Air Force Base's mission is to Produce Pilots, Advance Airmen, and Feed the Fight. We are committed to conducting this mission in a manner that will protect human health, natural resources and the environment. This is the integration of cost awareness with sound practices into our daily decisions and activities.

In support of our goals, we shall:

- Comply with federal, state and Air Force energy, environmental, safety and occupational health laws, standards and guidance.
- Question and evaluate our daily activities to determine their impact on the environment and safety of our personnel.
- Identify and act to reduce waste of all kinds and improve the work place.
- Make a commitment to conserve our nation's natural resources through responsible use of water, electricity, fuel and environmentally friendly products and services.
- Strive for continual base wide improvement by elevating ideas and observations through each unit environmental coordinator.

DOUGLAS C. GOSNEY, Colonel, USAF
Commander

Compliance with these ideals is the responsibility of every member of Team BLAZE in accordance with his or her roles and responsibilities in the organization.
