DESCRIPTION

*Mark the activity list in ranking order.*

<b>Aircraft Static Displays</b>	<b>20 Minutes</b>	<b>20+</b>	Visitors will get a private, up-close view of all the training aircraft flown here on base, as well as a chance to ask questions of real Air Force pilots. <i>(Outside Activity - Weather dependent.)</i>
Aerospace Physiology	60 Minutes	10	Learn how the body reacts under flying conditions such as altitude, G-Force, spatial disorientation, how Aerospace Physiologists train pilots to react to these conditions. Excellent interactive demonstration for high school and up.
<b>Air Traffic Control</b>	45-60 Minutes	10	No air mission would be possible without air traffic control. Visit the Air Traffic Control Tower and RAPCON (Radar Approach Control) to get a better understanding of this integral component of air operations. <i>(Small groups only.)</i>
Base Driving Tour	30 Minutes	25	Members of the Columbus Air Force Base Public Affairs Team will ride along with you to explain the many different parts of the base. Strongly encouraged for all groups.
BLAZE Hangar	30 Minutes	10	Take an up-close and personal look at our three aircraft types as they are being taken apart and maintained. Visitors can see the incredible amount of complexity inside an Air Force aircraft.
Dormitories	30 Minutes	10	Walk through a typical dormitory room and visit the recreation room. Talk to an active duty member about dorm life.
Fire Department	30-60 Minutes	20+	Here, visitors will gain an up-close view of how the fire station works; how important it is, not just on a military installation, but on the flight line as well. You will also gain an understanding of how these airmen live on a day to day
Fitness Center	20 Minutes	20+	Because of overseas deployments, fitness is very important to military members. Visitors will gain a better understanding of physical fitness standards in the Air Force and the amenities available to military members.
<b>Military Working Dogs</b>	<b>45 Minutes</b>	<b>20+</b>	Visitors will get a private demonstration of how the military dogs operate and how they are trained. They will gain an understanding of what each dog handler does to accomplish tactical maneuvers. <i>(Outside-Weather dependent.)</i>
<b>Mission Support</b>	30 Minutes	20+	Visit the Columbus Air Force Base Welcome Center
Propulsions Lab	30 Minutes	10	Those interested in engines and fabrication can see where we take apart our T-38 engine to the individual piece. Step inside a test chamber to experience the power of a T-38 engine <i>(High-school and older. Small groups only.)</i>
<b>Simulators</b>	1-2 Hours	10	Visitors will gain a hands-on experience in flying the T-1, T-6, or T-38 aircraft flown here in Columbus without ever leaving the ground. (Availability dependent on operations tempo. Small groups only).
Tuskegee Airman Display	20 Minutes	10	Memorial display honoring 10 Mississippians of the original Tuskegee Airmen. Small tour of the Operations Group Building. A great teaching moment about the role of Mississippi in the history of Airpower.
Weather Station	20 Minutes	10	Weather Station supports the 300+ daily training sorties. Myriad of computer generated models and space-based images aid in predicting the local weather. Ideal for tech enthusiasts and those looking to make Weather a career.
Wing Mission Brief	30 Minutes	20+	A detailed presentation on the history, operations, and the future of Columbus Air Force Base. Strongly encouraged for all audiences high school age and up.
Q & A Session	20 Minutes	20+	On request, we can arrange for specific career fields to speak to your group about their career fields. Please specify in request.
