Columbus Air Force Base

A field of dreams and a vision for the future—that's what Columbus area residents offered the United States of America in 1941. Banded together, a group of 100 citizens secured land and a \$100,000 bond, and proposed the establishment of an air base in Lowndes County.

On August 12, 1941, their dreams became reality when the United States announced it would establish a pilot training base in Columbus. That was just the beginning...

Columbus Air Force Base has, through the years, demonstrated its flexibility as a military facility. Its physical plant allows for easy adaptation to a changing world where the future has been, and continues to be, flying.

Columbus Air Force Base is a vital part of the East Mississippi and West Alabama communities, and these communities are an integral segment of CAFB. The community's vision for CAFB continues to grow and will excel with your support.

"History of Columbus AFB: 1942-2007" book is available at the Neel-Schaffer Columbus office and at each meeting.

An invitation to share the pride...

In supporting one of our nation's most outstanding defense installations in its mission of training the best pilots in the world for the United States Air Force.

The Base Community Council is...

Governed by a civilian board of directors and officers.

An action-oriented, multi-community organization that supports the common interest of the military and civilian communities through mutual understanding and joint participation in common activities.

Columbus Air Force Base...

Has a \$343 million annual economic impact on communities within its 50-mile radius.

Employs over 3,600 active duty, civilian and contract jobs.

Offers support services to over 60,000 veterans and their dependents within the region.

Trains nearly one-third of U.S. Air Force pilots along with pilots from 45 other countries, playing a vital role in our nation's defense.

When you join...

You join an organization that demonstrates the true strength of America. Members represent every occupation, race, political persuasion and background while sharing a common goal: *the bonding of the military and civilian communities surrounding the base.*
